Honorable Stansfield Turner
Director
Central Intelligence Agency
Washington, D.C. 20505

Dear Admiral Turner:

A year ago I wrote to you requesting information concerning programs performed in your agency with regard to economic developments in the Soviet Union and our trade relations with the Soviet Union. I now wish to request the same information for the period that has elapsed since my prior request, namely, for fiscal year 1977.

I am particularly interested in knowing about any changes in organization or emphasis that may have taken place in the past year. Also, if significant changes have occurred since the beginning of 1978 I would like to have that information.

Please provide the following:

1. The name of each bureau, office, or division within your department that collects, analyzes or evaluates information concerning the economy of the Soviet Union, or that is involved directly or indirectly in the administration of export controls, trade promotion, credits or other trade regulations concerning the Soviet Union;
2. A brief description of the activities and responsibilities of each such bureau, office or division together with references to the statutory or administrative basis under which the activities and responsibilities are carried out;

4. The total amount of funds spent annually for each such bureau, office or division broken down by the amounts provided directly or indirectly from your department's budget and the amounts provided under contract with other government departments or agencies for fiscal year 1977; for any contract funds received by such bureau, office or division show the sources and amounts of contract funds received for fiscal year 1977.
5. A list of the publications, regulations or other documents issued by such bureau, office or division for fiscal year 1977.

As you may know, the Joint Economic Committee has been monitoring Soviet economic developments for many years. The information requested will greatly facilitate our efforts and your earliest response, no later than April 21, 1978 will be appreciated.

Sincerely,

William Proxmire
